Candidate Pack for – Tracked Type Tractor/Dozer

Please read this document carefully. Further information and clarification may be obtained from the CSCS Operations Unit, phone 01 533 2500

Guidance Notes for Candidates

The following documents are also attached:

- Part 1 – Skills Self-Analysis
- Part 2 – Applicant Details
- Part 3 – Endorsement of Operating Competence
- Part 4 – Practical Test Criteria

Aim of Programme

The CSCS plant training and assessment programme enables trained construction plant operators to gain recognition for their achievements by the way of certification and provide an opportunity for participants to demonstrate their skills, knowledge and attitudes associated with plant operations, which provides suitable certification.

Candidate Profile

Candidates for this programme must:

- Have at least six months full time experience operating as a trainee Tractor Dozer operator in construction in accordance with the 5th Schedule – of the Safety, Health and Welfare at Work (Construction) Regulations 2013 – S.I. No. 291 of 2013. The six months experience must be within the last two years.
- Possess a valid 'Safe Pass' registration card
- Be at least 18 years of age

Note: The above items must be verified by the current or previous employer (Part 3 of this pack)

Application Requirements

- Approved Training organisations must send the Candidate Pack and Course Notes to the Candidate at least five days prior to the course date.
- Sections A, B, and C of Part 2 need to be completed by the applicant with Part 3 completed by the employer.
- Section C of part 2 must list at least six months full time experience operating as a trainee Tractor Dozer operator.
- Part 1 - Skills Self-analysis, Part 2 Applicant Details and Part 3 - Endorsement of Operating Competence must be completed and submitted to the chosen Approved Training Organisation at least one-day prior to attending the one-day training and assessment programme. Failure to do so will result in the candidate being unable to complete the programme.

Candidates must bring with them on the day:- a passport sized photograph, their Safe Pass card plus safety helmet, safety boots, reflective 'hi-viz' jacket and gloves.

One Day Programme Content

Induction

Registration and induction will be undertaken at the start of the day. Candidates **must** present their Safe Pass card and photograph to the assessor. Parts 1, 2 and 3 must be already submitted.

Skills Validation Session

Candidates will undertake a minimum of a 3 hour Skills Validation Session with the course instructor. The Skills Validation Session cannot give skills and knowledge not held but allows trained operators to eliminate 'bad habits' gained on site.

Please note that the instructor has the right to refuse the candidate access to the test if they have demonstrated dangerous operating skills that contravene any part of the Safety, Health and Welfare Regulations.

Theory Test

On completion of the Skills Validation Session, candidates are allowed 45 minutes to undertake a multi-choice question paper. Questions will be based on the following:

- Legislation and regulations
- Employer and employee responsibilities
- Safe working practices
- Machine components and functions
- Correct operating techniques
- Pre-use checks and basic maintenance
- Types and characteristics of materials and loads
- Site safety
- Shut down and securing procedures

Subjects that the questions will be based on will be covered during the Skills Validation Session.

To be successful on the theory test, candidates must achieve a minimum of 70% of the total available marks. Candidates who achieve a minimum of 85% will be awarded a credit.

Practical Test

On the test the candidate will demonstrate tasks with the Tractor Dozer. The tasks to be undertaken, equipment required, and a sample grading sheet is contained in Part 4 of this pack – Practical Test criteria. Part 4 of this pack details the equipment and resources needed for the test and the tasks the candidate will be expected to carry out with a Tractor Dozer.

The grading sheet is divided into essential items and scored marks. Scored marks allow a limited number of minor errors to be made. To succeed, the candidate must achieve all essential items and not exceed the maximum score. Candidates who score no penalty marks as well as all the essential marks will be awarded a credit. The practical test has a maximum time of 1 hour and 15 minutes in which all tasks must be completed.

Feedback and Certification

If a candidate meets the required standard, the approved training organisation will send the relevant assessment documentation to SOLAS for certification and registration. The CSCS card is printed and posted to the training provider for distribution. A QQI certificate will also be awarded as a result of a pass on the one-day programme.

Candidates who achieve a credit in the theory test **and** practical test will be awarded an overall credit.

Candidates who are referred will receive written feedback from the assessor and may be advised to undertake further training and/or site experience.

If a candidate is successful in the theory but not the practical part of the test, then they may reattempt just the practical part. If the candidate has not been successful in the theory test, then they may **not** attempt the practical test.

This concession may only occur if the candidate returns to the same approved trainer and training organisation within 9 months. If they choose to go to a different organisation, they will have to do both the practical and theory parts again.

For learners who do not reach the required standard, a period of 5 days must elapse before they can retake the test.

Registration Card Duration

CSCS registration cards are valid for five years and can be renewed up to six months before the expiry date

Cancellation of Certificates and Cards

Where it is discovered that the information provided by the Candidate was incorrect or the programme was not delivered in accordance with SOLAS specifications the Certification and registration card may be withdrawn and the relevant authorities notified.

Assessment Grading

If you have scored 15 – 19

You appear to have a good understanding of Tractor Dozer operations to comfortably participate on the trained operator course programme.

If you have scored 10 – 14

Your understanding of Tractor Dozer operations is limited and we advise that you acquire further knowledge before attending the trained operator course programme. Remedial training and further site experience is advised.

Less than 9

Your supposed understanding of Tractor Dozer operations is very limited and we strongly advise you not to attend the course until you have undertaken remedial or full training.

Assessment Requirements

Should a candidate have any particular assessment requirements i.e. need a translator or reader/writer or any other form of special needs, the approved training organisation **must** be informed well in advance of attending the one day programme so that the appropriate help may be sourced.

Information regarding a candidate's particular requirements will be treated with the strictest confidence by the approved training organisation.

Part 4 - Practical Test Specifications Tractor Dozer

Equipment and Resources

- Serviceable tracked dozer that meets current legislation, fitted with a straight blade having a tilt facility, with the operator's manual.
- An area of ground, which must include a level area clear of hazards for excavating to a depth of 1 metre, with sufficient space to cover the exercises as outlined in the exercise specification.
- Cones/materials etc. to create restrictions for travelling and manoeuvring.
- Appropriate marking, sighting and lining equipment to ensure excavation levels and centres.

Tasks

The Candidate needs to:

1. Carry out full pre-start and running checks as required by the manufacturer.
2. Prepare the dozer for travel and travel to the excavating area. The route is to include passing through a restriction being of no more than the width of the dozer plus 800mm.
3. Excavate by dozing an area 2.5 x blade width to a depth of 500 mm +/- 30mm for a length of not less than 20 metres stockpiling the surplus at one end.
4. Batter both sides of the excavation 1 x blade width.
5. Doze and shape the face of the stockpiled material from item 3 to form a mound with a battered face to an angle of not less than 30 degrees, traversing vertically or horizontally, leaving a tracked finish.
6. On completion of item 5, backfill the excavation to level from the stockpile by slot-dozing the material back into the base.
7. Spread the side cast material to blend with the surrounding area.
8. Travel the dozer to a park position, shut down and secure.

Time

- The candidate must complete all tasks within 2 hours

Example of practical assessment marking sheet

		Yes	No
1.	Carry out pre-start and running checks (verbal questions correctly answered if engine hot)		
2.	Clear any restrictions and hazards encountered whilst travelling		
3.	Ensure the allocated area was clear of hazards prior to excavating		
4.	Regulate the depth of cut		
5.	Ensure the excavated slot conforms to the stated sizes and tolerances		
6.	Operate using short working cycles		
7.	Reinstate ground to the original contours		
8.	Correctly carry out shut down and securing procedures		
9.	Conform with legislation and manufacturer's instructions		
10.	Complete the test in the given time
